

Project Description for “Enhancing Business Extroversion through Promotion and Networking Activities”

The company has been funded under the Action of the Programme **“Thessaly 2021–2027”** titled **“Enhancing Business Extroversion through Promotion and Networking Activities”**. The Action aims to strengthen the extroversion of businesses operating in the Region of Thessaly by supporting their participation in trade fairs and exhibitions organized in Greece, the European Union, and third countries. Through these activities, the company seeks to expand its presence in international markets, promote its products and services, develop new business partnerships, and enhance its overall competitiveness.
